

About the RCDTC

The Resource Conservation District of Tehama County (RCDTC) is a nonregulatory public agency (all services are voluntary) with a mission to assist citizens in the management, conservation, and improvement of the natural resources of Tehama County. It facilitates land use decisions that are socially acceptable, environmentally sound, and economically feasible.

The RCDTC was formed in 1987 and is wholly funded by grants, donations and contracts. It receives no general tax revenues. Its board members are publicly elected, unpaid volunteers.

Equipment Available for Rent or Hire

www.tehamacountyrcd.org

Rental Fee

For equipment rental quote for your project, please contact RCD of Tehama County.

Availability

The equipment is available for rent from the RCD of Tehama County by the day or week. The RCD also provides the equipment as a service. An operator will come out to the area

Chipper, If you want to do the manual ground labor yourself, we can provide you with a chipper operator and the chipper. If you know what you want done but need some assistance in doing it, the RCDTC can provide you with the chipper and crew. If you would like more information on how to create wildfire defensible space around your property and home the RCDTC can help.

Rotowiper, uses a unique carpeted drum which rotates in the opposite direction of travel. This movement insures that the roller has a constant supply of herbicide, which in turn is brushed on to your targeted weeds.
